SUCCESS STORIES

Partnership Triumph with SABSON Energy - MAN HFO Engines at Yemen Cement Plant

Excited to share the success of our partnership with SABSON Energy! We have secured a substantial project, overseeing the installation of MAN HFO engines at an advanced cement plant in Yemen. Our extensive scope encompasses LT/HT Radiators, detailed civil engineering design, Black start diesel generator, erection and installation works, control system architecture, and complete piping. This comprehensive approach ensures the smooth and successful delivery of the project.

This partnership highlights our resolute dedication to excellence in power solutions, further reinforcing OES as a reliable partner. We are dedicated to contributing to the growth and success of our esteemed partners. As OES continues to thrive, delivering innovative energy solutions, we proudly contribute to the progress of the MENA region.

Lucky Cement Ltd Extends Order for 6.3MWp Solar System at Nooriabad.

It brings us great joy to announce that Lucky Cement Limited has extended an order for a 6.3MWp solar system at Nooriabad. This decision is a direct result of the outstanding performance and service delivered by our dedicated team, particularly showcased in the early completion of the 25MW solar project.

Lucky Cement's confidence in OES underscores our commitment to providing sustainable and innovative energy solutions. This continued partnership signifies a shared dedication to renewable energy and highlights OES's proven track record in delivering high-quality timely and cost-effective solutions within the dynamic energy landscape.

Pioneering Fire Safety Initiatives: OES and Trango Tek's Collaborative Success Story

Amidst the rising fire and safety incidents in Pakistan, OES is at the forefront, recognising the critical need for innovative fire safety solutions. Trango Tek Pvt Ltd stands out by adopting cutting-edge fire and safety measures. This proactive approach not only elevates employee safety but positions of both Trango Tek and OES as best-practice employers dedicated to fostering a secure and resilient workplace.

OES has provided a comprehensive Fire Safety solution to Trango Tek Pvt Limited, including NFPA 20 standard EDJ Fire pumps and top-notch fire equipment.

The system is installed in strict compliance with National Fire Protection Agency standards, ensuring utmost customer satisfaction.

The synergy between SFFECO's quality products and OES reliable services has broadened our horizons, reaffirming our commitment to delivering top-notch safety solutions.

Powering Mall of Gulberg with Cummins Support

We are delighted to announce our role as the power supply provider, ensuring uninterrupted electricity and serving as the power generation backup for the esteemed Mall of Gulberg project in Islamabad—a dynamic mixed-use commercial and residential venture. The project showcases a robust design with a total prime rating of 5650kVA, featuring 3 x 1500 kVA and 2 x 575 kVA gensets. Our sincere appreciation goes to the unwavering support from key contributors, and a special shoutout to our dedicated teams for their meticulous site study and outstanding collaboration with customers and consultants.

Cummins Inc. consistently provided invaluable support, contributing significantly throughout the entire deal.

Successful Installation of 1000 USRT VFD-Driven Dunham-Bush Centrifugal Chiller at Ocean Mall

OES Achieves HVAC Milestone with Largest Centrifugal Chiller Supply. In a groundbreaking achievement, OES has set a new industry standard with the largest Centrifugal Chiller Supply, reaffirming its position as an HVAC leader. Nestled within The Ocean Mall, a soaring 120-meter skyscraper in Karachi's Clifton district, OES has not only provided but expertly commissioned an impressive 1000 USRT VFD Driven Dunham-Bush Holding Bhd Centrifugal Chiller – a remarkable feat.

Our Centrifugal Chillers are celebrated for their efficiency, reliability and precise cooling solutions, all while upholding an eco-friendly ethos. This accomplishment exhibits our dedication to excellence and our enduring partnership with Dunham Bush in Pakistan.

It highlights our HVAC expertise as one of the cornerstones of OES capabilities, further enriching our already diverse and impressive portfolio offerings.

Signing of MOC Between OES and The Hunar Foundation

OES acknowledges that a highly educated and skilled workforce is the driving force behind industrial expansion and comprehensive societal development. We view community work, education and training as investments in the future of Pakistan and its industries.

We're delighted to announce the successful signing of the Memorandum of Collaboration (MOC) between OES and The Hunar Foundation (THF). The ceremony, held on November 01, 2023, was a momentous occasion that marked the beginning of a promising partnership in providing training and educational opportunities to the students of The Hunar Foundation, empowering the next generation.

OES is committed to making a positive impact by engaging in community initiatives and providing quality education and training, laying the foundation for a prosperous and thriving Pakistan.

TRAINING AND DEVELOPMENT

OES Fire Safety Training Program: Prioritizing Workplace

In response to the increasing incidents of fire emergencies, OES conducted a fire safety training program to ensure that our Fire Wardens and Firefighters are well-prepared for such situations. This initiative is part of our ongoing commitment to maintaining a safe and secure workplace. The training covered essential aspects of fire prevention, emergency evacuation procedures, and the proper use of firefighting equipment.

Our goal is to empower our team and foster a culture where safety is a shared responsibility. Join us in prioritizing workplace safety and creating environments where everyone feels secure and informed.

EMPLOYEE RECOGNITION

Celebrating early completion of 25MW Lucky Cement Solar project

At OES, we deeply value and appreciate our employees, recognizing them as the cornerstone of our success over 27 years. Their dedication and hard work have been instrumental in achieving service excellence, and we are committed to fostering a culture that acknowledges and celebrates their invaluable contributions.

EXHIBITIONS AND SEMINARS

Successful Cummins Power Generation Event: Highlights and Industry Collaboration

OES recently hosted a noteworthy get-together for Cummins Power Generation in Faisalabad, held at Serena Hotel on November 7, 2023. The event commenced with a comprehensive introduction by team members, providing insights into OES scope of work. Subsequent presentations highlighted the achievements and success stories of the years 2021-23, and a technical Q&A session, led by a company representative, delved into the 24/7 service support and workshop facilities offered by OES.

Seminars such as these play a pivotal role in fostering industry collaboration, as demonstrated by the active participation of more

than 25 customers and their teams. These gatherings not only serve as forums for sharing insights and achievements but also strengthen relationships within the business community, contributing to the overall growth and success of the industry.
